

Sugar Assault Me Now

Pop Levi

Something's been on my mind
I been the hurting kind
So sugar assault me now

Taken me oh so long
But darling I been so wrong
So sugar assault me now
Sugar assault me now

You're freighting me like a train
Laden with sugar cane
Sugar assault me now

Honey it's all too much
Kicking me into touch
Sugar assault me now
Sugar assault me now

Ooh, something's on me right
Something's on me right now
Ooh, something's on me now
Something's on me right now

Something's been on my mind
I been the hurting kind
So sugar assault me now

It's taken me oh so long
But darling I been so wrong
So sugar assault me now
Sugar assault me now
Sugar assault me now

Shake me
