Something's been on my mind I been the hurting kind So sugar assault me now

Taken me oh so long
But darling I been so wrong
So sugar assault me now
Sugar assault me now

You're freighting me like a train Laden with sugar cane Sugar assault me now

Honey it's all too much Kicking me into touch Sugar assault me now Sugar assault me now

Ooh, something's on me right Something's on me right now Ooh, something's on me now Something's on me right now

Something's been on my mind I been the hurting kind So sugar assault me now

It's taken me oh so long
But darling I been so wrong
So sugar assault me now
Sugar assault me now
Sugar assault me now

Shake me
