

New Found Love

Popcaan

Hey baby
Love coming at you
So you better be prepared

New found love is like a brand new toy
It fills you up, you wanna burst with joy
When you're in love it's a wonderful thing
Your mind's at rest, you wanna try your best

Prepare a place in your heart
That's where it all start
A place in your heart
Make love your resort

Open your heart and let these feelings in
To deny these emotions would be like a sin
Unused love and true love, I give to you
We've made a start so let's never part

Prepare a place in your heart
That's where it all start
A place in your heart
Make love your resort

Then baby prepare a place inna yu heart
Mek mi tek yuh to the fountain
Weh round a bath
Wedding bells inna mi ears
You inna mi thoughts
Mi keep every secret
Yuh Victoria lost
Mi see every mistake
Mi see every flaws
Still mi love yu same way
Love yuh to the last, mmh
