

Fuck Like A Star

Porcelain and The Tramps

She puffs her little cigarettes and paces in the lobby
Silhouettes of fair white skin, a superimposed body
She is the string that holds up paint, The one that gets you started
So if you've got the balls to fight, Then put your mouth around this

Ohhh, I know you're out of it
Ohhh, I know you want it

She fucks like a star, All the way to the top
Mess with your head, Make you want it
Fucks like a star, So Rated-R
You'll do anything because she fuck like a star, fucks like a star

Anorexic beauty queen with painted eyes so toxic
Flowers painted on her back, Centerfold erotic
She's had a thrill, a shot to slam, enough to start a riot
