

## Crystal Magic

Portugal. The Man

I found the way out,  
But if I told you you'd be down.  
And I hate to get you down,  
When you're up so high.  
And I hate to get you down,  
When you're up so high.  
And I hate to get you down,  
I hate to get you down,  
When you're up so high.  
So high.  
So high.  
So high.

Children come in,  
Find a seat, you're sure to do.
