

Noise Pollution

Portugal. The Man

Hello, I'm, hello, I'm, hello, I'm
Hello, I'm introducing
Hello, I'm introducing
Live leak the revolution
Go stream it now on demand
New world distribution
Let's make low resolutions
Let's reverse evolution
Let's leave behind this dry land
Crawl back to the ocean

Act like you're over it, still be upset
Naturally gifted or losing it
Act like you're over it, still be upset
Naturally gifted, down for heavy lifting

I know my rights, je t'aime Paris
Live or die like c'est la vie
With my fist in the air, "Je suis Charlie"
Can't ya see I'm feeling magnifique?

So down, is there no hope?
I can't believe in no one
So down, is there no hope?
I can't believe in no one

Out for me, out for me, out for me, out for me
They got it out for me, out for me, out for me, out for me

Broke out the institution
Got lost in the confusion
Not mad, man, I'm a big fan
I love that noise pollution
It's in my constitution
Forever disillusioned
So, go on, keep on talking
Y'all can't take my bullshit
Can't take my bullshit
Can't take my bullshit

Act like you're over it, still be upset
Naturally gifted, down for heavy lifting

I know my rights, je t'aime Paris
Live or die like c'est la vie
With my fist in the air, "Je suis Charlie"
Can't ya see I'm feeling magnifique?

So down, is there no hope? (C'est la vie)
I can't believe in no one (I'm still feeling magnifique)
So down, is there no hope?
I can't believe in no one

Tu cries, tu souffres, et tu souris
Tu broies du noir, et tu rougis
Tu cries, tu souffres, et tu souris
Tu broies du noir et tu serais

I know my rights, je t'aime Paris
Live or die like c'est la vie
With my fist in the air, "Je suis Charlie"
Can't ya see I'm feeling magnifique?

I know my rights, je t'aime Paris
Live or die like c'est la vie
Even when the world has it out for me
I'm still feeling magnifique

So down, is there no hope?
I can't believe in no one
So down, is there no hope? (C'est la vie)
I can't believe in no one (Magnifique)
So down, is there no hope?
I can't believe in no one
