

No More Room in Hell

Possessed

When there's no more room in hell
The dead shall walk this earth
When there's no one left to tell
God dies for Satan's birth
When the churches burn to dust
And the demons rise to kill
When the words all turn to rust
Then hell on Earth is real

When the fire's never quenched
And the worm, it never dies
When gnashing teeth are clenched
And the mouths all fill with lies
When the churches burn to dust
And the demons rise to kill
When the words all turn to rust
Then hell on Earth is real

I'll bring you pain
Fire and hell, forever
Into the flames
Sacrifice together
Down into hell
The night devours the day
To see the chasm burn
I will show the way

Like a plague of hell-born death
That steals upon your brain
Crushing out your last breath
We turn the world insane
Like a legion straight from hell
That quells the Christian soul
Like a witch's blackened spell
All deeds demand their toll

I'll bring you pain
Fire and hell, forever
Into the flames
Sacrifice together
Down into hell
The night devours the day
To see the chasm burn
I will show the way

Storms of chaos
Free my tormented mind
Hell, death and Satan
We are all so blind

Rise from the fire and beg for your life
Bringing you pain that cuts like a knife
Up from below and taking control
Possessing your mind and eating your soul

Demons rising
No more room in hell

Angels crying
No more room in hell
