

The Beasts Of The Apocalypse

Possessed

Overshadowed is the earth,
As the beast doth spread it's wings.
Arrives the Dragon's birth,
Ruler with the seven kings,
Descending from the sky,
Ascending from the sea.
All Holiness deprived,
By the beasts of prophecy.

Apostles tell visions of Hell,
Dreams of pain drive them insane
Dreams of pain drive them insane

Powers of the wicked one,
Come forth from the nethermost Hells,
Eclipsing the burning sun.
Revelation tolls its bells.

Heaven's rule will cease,
Just as the prophets saw.
Prophecies and blasphemies,
Are ruled by Satan's law.
Seven years, grim and dark,
Man will wear the Devil's mark.
Nightmares are reality,
Are symbolic of your destiny.
