

Wake Up Lover

Poutníci

1.Wake up, lover, take to me off all
and your dreamland, you can harmless smile.
Take all my pictures from the wall,
there's lot of laughter for us all.

2.No more crying, no more falling sheep,
there's all real love, when the lovers sleep.
Wake up, lover, take my give,
no more sleeping, we must live.

3.So wake up, lover, and be my walking cape,
I'm gonna move on, for I will go and same.
If I stay, I got love to pay,
I'll be free, I'll go far away.
