

Human Parasite

Powerworld

One step forward closer to the edge*
Hired to find more souls to catch.
Ruthless people trying to find,
Easy money with the human kind.

Manipulation rules society,
By people with no identity.
Self-pleased and lost in their head,
They believe in everything they said.

Freedom is a lie,
Demons in your mind.

Go down in flames.
Nothing but lies.
From the HUMAN PARASITE.
Drives you insane.
Free your mind.
From the HUMAN PARASITE.

Brother killed brother all in vain,
I want to know just who's to blame.
It's time to try to put out the blaze,
Too late to try to clear the haze.

Freedom is a lie,
Demons in your mind.

Go down in flames.
Nothing but lies.
From the HUMAN PARASITE.
Drives you insane.
Free your mind.
From the HUMAN PARASITE.

[Repeat]:

We accrete us,
We are ashamed.
We are not dignified.
We bear the blame.

One step forward closer to the edge,
hired to find more souls to catch.
Ruthless people trying to find,
easy money with the human kind.

Freedom is a lie,
Demons in your mind.

Go down in flames.
Nothing but lies.
from the HUMAN PARASITE.
Drives you insane.
Free your mind.
From the HUMAN PARASITE.

Nothing but lies.
