

Mysterious

Prefab Sprout

You roar right out of Nowheresville
To find the beating heart
Cryptic, elusive, smart
Mysterious from the start

The gift of anonymity
Inventing your own past
Hobo jive on overdrive
Your energy is vast
Hobo jive on overdrive
Your energy is vast

To catch the world in images
To annotate the feast
This quicksilver task remains
Mysterious at least
Your quicksilver task remains
Mysterious at least

Rejecting others plans for you
Protest, "I am miscast"
The mythic fog descends
Mysterious to the last
A mythic fog descends
Mysterious to the last
