

My Everything

Press Play

I can see your hand in every sunrise
It's overwhelming me
I can feel your heart in every smile I see
And it comforts me
And I know your grace is strong enough, Lord
To carry me
I need your love to lift my shawl

You're all I need
And oh how I see
You have set me free

You're my everything
My everything, oh Lord
I'm running after you
You're my everything
My everything, oh Lord
I'm running after you, after you

Now I'm walking in your grace
To understand the price you paid
Givin' your life for someone like me
I'm standin out I'm walkin through,
There's nothin I wouldn't do
For you my God

You're all I need
And oh how I see
You have set me free

You're my everything
My everything, oh Lord
I'm running after you
You're my everything
My everything, oh Lord
I'm running after you, after you

As I look around at all I see
He made it all for you and me
His love is never-ending
His grace is never-failing
As he took it all and took your place
He ...(paid it by) his love and grace
So I will lift my hands and sing
