

Shake The Rooftop

Press Play

Raise and pump the drums
I think I hear the people say
We're here to shake it up
We're doin' life a different way

From the back row to the front
And everyone in between
Jump to your feet, get out of your seat
Now everybody scream!

Shake the rooftops
Shake the rooftops
Live your life out loud
Shout it out, Hey!
Take it to the streets
Put it on repeat
And live your life out loud
Shout it out, Hey!

If you like to dance, dance
Let me see you jump, jump
Everybody, everybody let me hear you scream

Live your life, live your life, out loud!
