You are the life you are the air I breathe
You are my love you are my everything
Abandon all for you devoted I will trust in you
This life is yours it is for you to use
This love inside can only be for you
Abandon all for you ill never turn away
I'm crying out for you, unashamed

You're faithful, forever
Amazing love you rescued me amazing love now I can see
You're faithful, forever
Recklessly I'll follow you abandon all I have for you

I'm holding nothing back
I lay down my life
I give it all away
I lose myself, lose myself in love
