

# Dead

Pretty Boy Floyd

I've been thinking about life  
And I've been thinking about death  
It's the first one that I talked about  
That I really like the best  
But I get so sick and tired of  
People saying what I gotta do  
And what I cannot  
If I cannot make my own decisions  
I might as well be dead

Might as well be dead  
Might as well be dead, Yeah  
Might as well be dead, Yeah  
Might as well be dead

I've been thinking about life  
And I've been thinking about death  
It's the first one that I talked about  
That I really like the best  
But I get so sick and tired of  
People saying what I gotta do  
And what I cannot  
If I cannot make my own decisions  
I might as well be dead

Might as well be dead  
Might as well be dead, Yeah  
Might as well be dead, Yeah  
Might as well be dead

Might as well be dead  
Might as well be dead, Yeah  
Might as well be dead, Yeah  
Might as well be dead
