

# Angels Of Mercy

## Primal Fear

Are you awake - are you alive  
Are you ready for a fight  
Gonna raise some hell tonight

Rise up and shout  
To be sacrificed  
All is lost and daylight ends  
Annihilation comes alive

Listen to the battle drum  
Calling out your soul  
When you hear the silence break  
We're gonna take control

Angels of mercy  
Devastation all around  
Angels of mercy  
Survive the killing ground

Hear the time bomb ticking  
The terror of a gun  
Asylum of the enemies  
The monster we've become

We're made of scars  
We are your pain  
Forsakin in this god damn world  
The one you love to hate

Listen to the battle drum  
Calling out your soul  
When you hear the silence break  
We're gonna take control

Angels of mercy  
Devastation all around  
Angels of mercy  
Survive the killing ground

Hear the time bomb ticking  
The terror of a gun  
Asylum of the enemies  
The monster we've become
