

## Innocent Man

## Primal Fear

It all happened last night  
As the gang broke loose  
"Jailbreak - Jailbreak!!!"  
As I was left back on my own

I just put up a fight as a guard has caught me  
Chasing me around  
In self defense my bullet caught him

This time I will prove it's not my fault  
it's not what it looks like - never!!

The innocent man  
Clean handed  
I'm burdened with guilt  
The innocent man  
In crazed action  
Give me back my dignity

Intangible hard luck  
In the wrong place  
At the wrong time  
The dude was firing  
With all guns  
"Jailbreak - Jailbreak!!!"

I tried to save my own life  
In the twilight zone  
State of exception  
Everybody would  
Have done the same thing

Take back your accuse  
It's not my fault  
It's not what it looks like  
Never - no!!

The innocent man  
Clean handed  
I'm burdened with guilt  
The innocent man  
In crazed action  
Give me back my dignity

The innocent man  
Clean handed  
I'm burdened with guilt  
The innocent man  
In crazed action  
Give me back my dignity
