## **Drive It**

Close my eyes and see myself bleeding Dead inside i'm sick i can't breath Try to hide the hate that is feeding Do you like the sound of my cracking teeth?

Drive it Take it away (take it) Driving me crazy

Everything i know is deseving Nothing left for me to believe Try to keep the faith that keeps leaving Like everything you've taken from me

Drive it Take it away (take it) Driving me crazy

This time is misdameaning (and i don't need it)

Drive it Take it away (take it) Driving me crazy
