

# Close To You

Prince Royce

Listen

It's so unreal  
How just a simple kiss from you  
Could help me heal  
When I think everything is done  
And I can't deal

You really got me  
Got me  
Got me  
Got me

Estoy aquí  
Pensando en lo que significas  
Para mí  
Una mirada tuya  
Me hace sonreír

You really got me  
Got me  
Got me  
Got me

Don't know what I did  
What I did to deserve this  
It must have been good  
Cause you are just perfect

And I'd do it again  
Knowing that it's worth it  
I'd do anything to stay this close  
This close to you  
I'd do anything to stay this close to  
You  
I'd do anything to stay this close to you

It's like a dream  
But when I wake up  
You are still right next to me  
I can't believe  
That this is my reality

You're just so sexy  
Sexy  
Sexy  
Sexy

Nunca te alejes de mí  
Que no quiero morir  
En un mundo en el que tu no estas  
Ven acércate mas  
Que te voy a amar  
Como nunca lo han hecho jamás  
You are the rock  
That holds me down  
Tu eres el faro

Que ilumina mi vida

Don't know what I did  
What I did to deserve this  
It must have been good  
Cause you are just perfect  
And I'd do it again  
Knowing that it's worth it  
I'd do anything to stay this close  
This close to you  
I'd do anything to stay this close to  
You  
I'd do anything to stay close

Te juro  
Que desearía  
En otra vida  
Estar cerca de ti

Y quisiera  
No despertarme  
Pero este sueño  
No es inalcanzable  
Porque tu estas junto a mí

Don't know what I did  
What I did to deserve this  
It must have been good  
Cause you are just perfect [bis]

And I'd do it again  
Knowing that it's worth it  
I'd do anything to stay this close  
This close to you  
I'd do anything to stay this close to  
You  
I'd do anything to stay close  
Close to you  
I'd do anything to stay this close to you  
I'd do anything to stay close
