

Make you happy

Princess Superstar

I see a million different faces all around me
And all I wanna do is make em happy, make you happy

I barely can start now, I don't want it
Unless it's unguarded, now don't get me started
If you got a problem, yo, I'll solve it
Check out my hook while the sun revolves it
Lid turned so each time I'll bring it
Or let you swing it, part of people is a secret
If you stand there blinkin, shut up the thinkin
Sun is sinkin, maybe it will sink and let us sing it

You can look to me but I don't know ya, I don't know ya
I'm just a beginner but don't feel bad
A beginner's mind is the best to have, alright

I see a million different faces all around me
And all I wanna do is make em happy, make you happy

I see a million different faces all around me
And all I wanna do is make em happy, make you happy

Hey I know you feel real sad and
I know it gets real bad and
I know you're really mad and you wanna know just who does this
planning
Well I gotta laugh cause I wasn't good at math
Now I'm on the path over here, really last
So they gotta butter mine, since two shots passed
If you don't know nothing just shake that ass

You can look to me cause I think I know ya, I know I know ya
They say a beginner's mind is best to have so then okay let's not
feel so bad

I can see for miles and miles except one on the stop end of the
mile
Miles and miles except one on the stop end of the mile
I can see for miles and miles except one on the stop end of the
mile
Miles and miles except one on the stop end of the mile
I can see for miles and miles except one on the stop end of the
mile
Miles and miles except one on the stop end of the mile
I can see for miles and miles except one on the stop end of the
mile...
