

# Sound the Alarm

Princess Superstar

Lots of bottles, supermodels  
Pentecostal, haha waffles  
Spend your dollars by the car pools  
Polluted nostrils, Mick Jagger!  
It's pneumonia, supernova  
Coca Cola falling over  
Gandhi Mecca, power yoga  
Your ass on the sofa  
I have told that tell you told em  
People are in their motor rollers  
Casanovas, french mimosas  
Your diploma, it's all over

Ain't easy to go deeply  
So US Weekly show bad as we be  
I'm sleepy, Mitsubishi  
Why are you and me not speakin?  
More more more more more  
What we searchin for?  
To your whore's back  
So I find your skirt on the backdoor, it's a war

Just sound the alarm  
Just sound the alarm  
Just sound the alarm

Jamabalaiots cause light  
A bud light, diet's fried  
Lie or bite, diet's right  
Shop like you're fuckin right  
GI shit on the guided line  
Extra lights paying pipes  
Armored walk but kite walk like the price is right  
It's on tonight  
Lookin strike, suicide  
New York City still my pride  
Alarm like, win the fight  
Cellulite, Gina's right

Just sound the alarm  
Just sound the alarm  
Just sound the alarm

Open your heart, entertain the violence  
So hard to sit in this silence  
So let's try it

Just sound the alarm  
Just sound the alarm  
Just sound the alarm

We want to be equal, we want to be more peaceful  
We want to be more people, nobody's looking at their own feet though  
We want to be equal, we want to be more peaceful  
We want to be more people, nobody's looking at their own feet though

Blame me, blink, murder inc.

Burger King, not on the cake  
Money and cash is stuffed cha ching  
Both the things bound to sing cha ching  
On the brink, news people  
Darth Vader, instigator  
Goodness gracious, the people  
Money money, people pick up

We want to be equal, we want to be more peaceful  
We want to be more people, nobody's looking at their own feet though  
We want to be equal, we want to be more peaceful  
We want to be more people, nobody's looking at their own feet though
