

If I Ever Loved You

Priscilla Renea

I, I gotta be honest, I was dishonest with you
At the time, I believed it was true
When I said, said it was over, I said I was finished with you
Severed ties, yeah, I cut myself loose

But you can't flip a switch, turn off the sun
Make a river walk instead of run
When you say goodbye, it's never really for good

And if I ever loved you, I probably still do
If I don't, then I never did
And if I ever loved you, there's still a place for you
In a room I never go in
In my heart

I gotta be careful being this honest with you
Yeah, I'm putting myself way out there
And if you, you wanted to hurt me, I mean really hurt me
You could, but you know I ain't going nowhere

You can't flip a switch, turn off the sun
Make a river walk instead of run
When you say goodbye, it's never ever for good

Oh, if I ever loved you, I probably still do
If I don't, then I never did
And if I ever loved you, there's still a place for you
In a room I never go in
In my heart

In my, in my
In my heart
Oh, yeah
Oh, oh

Yeah, yeah
Ooh, ooh

And if I ever loved you, I probably still do
If I (If I ever loved you, if I ever loved you, if I ever loved you)
And if I ever loved you, I probably still do
If I don't, then I never did
If I ever loved you, still a place for you
If I (If I ever loved you, if I ever loved you, if I ever loved you)
(If I ever loved you) If I ever loved you
(Still a place for you)
In a room I never go in, yeah
In my heart, oh
My heart, my heart
In my heart

I, I gotta be honest, I was dishonest with you
At the time, I believed it was true
Ooh, ooh
Oh
