My Tortured Soul

Probot

There are times when the road gets dark Seem to have lost my way Sophisticated abuse of reason Day after day

Oh no please come for me For me and my tortured soul

Haunted by ill angels only
I'm so very pained to say
Secrets of mind change reality
Are the things they said today

Oh no please come for me For me and my tortured sou

Words could never explain
I know it might sound strange
But i wish it would rain
