

# Keep It Hood

## Project Pat

I got plenty cars, money wads, ghetto star, hood broads, felony charge, I'm gone keep it hood You can take me out the hood, but I'm gone keep it hood (keep it hood!)  
You can take me out the projects, not the projects out the niggas  
Yeah you see I'm having thangs still, I'm gonna be a nigga  
Liquor drankin, hit the grind  
Pimpin' I did all the time  
I ain't thinking 'bout no child support, I'm still gonna shine  
Cause I'm still getting mine  
One way or another doe  
I ain't compromising with no judge, I ain't stuttered though  
Others though, wanna back down, I'm fightin' to the end  
If I get done up or something, I'mma gonna do ya in  
A life sentence in the pen, what they want you to receive  
I'm getting brain, making cheese, all that other's make-believe  
And I still ride chrome rims and I shoot K's  
Still hangin' with my dogs, and we blowin' purp for days

I'm so hood Juiceman been convicted  
DeKalb county dope charges got me twisted  
Bubba Kush is blowin', and its in a Swisher  
Ghetto broad, ghetto car, its a perfect picture  
Take me out the hood, hell naw I'm still pitchin'  
Apartment raised, I didn't do no picket fences  
Been shot eight times so they got me high defenses  
Pussy nigga leg shooter got me with a limpin'  
Scrap bitch, yeah I'm strapped bitch, with an AK  
Young Juiceman at the I'm so hood, Juiceman done got a throwaway  
I'm so hood, 30 inches on the Chevrolet

When you see me in the club, fool I'm reppin' Tennessee  
Arkansas and Mississippi, they just like some kin to me  
Cause we ride the same way  
More ghetto than section 8  
Hustlin' to get our pay  
Grew up shootin' on a crate  
Can't forget about 201  
Lower level powder Waking up with hard lids, funky breath, and sour dreads  
Fighting cases, lawyer fees  
Dropped the case, I copped a plea  
Would have gave my life savings up so I could see them streets  
Then I be back to the hood, where we watchin' over our shoulder  
Ridin' with a hot pistol, hope police don't pull me over  
Over in the bay, where we keep it North, understand  
Take the man up out the ghetto, not the ghetto out the man
