

Good Night Death

Project Pitchfork

Today I was born
Perhaps for the first time
What took you so long

To just let me go?

Today I was born
Perhaps for nothing
What took you so long
To give me a ride?

It's time for me to go
I take my first breath
I come into existence
Good night death!

When I close my eyes
I still feel you look at me
Until my time comes to an end
Good night Death!

Today I died
Perhaps for the first time
What took me so long
To just let go?

Today I died
Perhaps for nothing
What took you so long
To give me a ride?

Since the very first moment
We were side-by-side
Since the beginning of time
You are more than my guide

It's time for me to go
I take my first breath
I come into existence
Good night death!

When I close my eyes
I still feel you look at me
When my time come to an end
I'll see you then!

It's time for me to go
I fade out of existence
I take my last breath
Welcome back Death!

Again it's time for me to go
I take my first breath
I come into existence
Good night death!
