

Beyond

Propagandhi

Beyond my grasp
We can't reach
Methods of attack
It's so abstract
Turning a new leaf
Yet I am free

Beyond my grasp
We can't reach

Everything's divine
All my time
Still never enough
The highway's rough

Beyond

Beyond my grasp
We can't reach
Methods of attack
It's so abstract
Turning a new leaf
Yet I am free

Everything's divine
All my time
Still never enough
The highway's rough, it's fucking rough
