

When two people come together  
They often intertwine their identities and become one  
But what happens when one of them removes themselves from the situation  
Leaving the other lost unable to move on  
Forever existing in the past like a ghost roaming the endless corridor of memories  
Each day becoming more transparent, until finally, they're erased

Can someone tell me how to continue?  
When I can't seem to function  
Barely making it on the day to day  
It's like, my heart and soul has been ripped out of my body  
And voluntarily laid out; put on display  
I thought you were my love you were my life, you were my everything  
I cannot sleep I cannot think I can't do anything  
And you, you barely even recognise my face  
You moved on I'm in the same place  
I'm erased

Never thought of a, life outside of ya  
Now it's all I think about, this ain't even possible  
How can we remain our part of love was unstoppable  
We're like the same person so connected psychological  
Always think the same things same hope same dreams  
Shared love shared pain supposed to share a last name  
Tell me how can I explain life will never be the same  
All I've had all I've known (?) going up in flames

Is it me or is it you not who is the one to blame

And how can I move on when half of me has ripped away  
I put my life into the words that you would always say  
You said together forever how does forever change?

Does this even phase ya, I use to think you was perfect  
Like heavens angels mad that, nothing's further from the truth  
All you are is danger, deep inside your souls  
A black box chamber full of pain containing a stranger  
You took away the only thing that made me whole  
An empty shell remaining with a broken soul  
Damaged goods with no reason to care no more  
Everything I thought I had I'm watching walking out the door

Can someone try and help me please I don't know where to go  
I feel my life is closing in I'm 'bout to lose control  
I'm at the end of the rope and I'm 'bout to hang below  
Never thought you'd be the end of me sending me overboard

Darling I am not the one for you and you are not the one for me  
And that I know is true  
I know you can find someone that could truly make you happy  
And whether you realise its true  
Darling like I said I would I don't remember how we were  
But that was then, now I need something new  
I must stay true to my identity and I cannot be myself  
Whenever I am with you
