Do You Know?

Puff Daddy

Then, there are the times in my life When I feel, trapped Feel there's, no way out No escape To be honest, I don't know where my life is goin Where I'll end up at I just don't know

I looked back and saw the cat focus, took notice Stayed away from the bogus, til his rise began Phillies stacked his grand played the brokest til he seemed hopeless, soon to be the dopest, cat comin Track stunnin, fame singin, his name ringin Money starts to pile, honeys start to wild Top notch drop top make everything he drop hot He dream, visualize, plot and scheme Got the cream legally without the beam Witcha fire eye drive slow, 8-5-0 Jet black tint still, they might know Who the cat controllin the strings of rap and R&B Trapped inside of a movie starrin me, so far

R: Do you know where you're goin to? Do you like the things that life is showing you? Where are you going to? Do you know? (2x)

Hard to cope with, all these niggaz and dope whips with cash flow, motherfuckers that gotta flash gold to bag hoes, they not nice, 600 circle the block twice In they Roleys they rock ice, to get they hit on Bitches dyin to get on, suck a dick or get shit on Don't understand they playin wit it Players get these bitches open and let they man hit it Fuck that, you can trust that, if I had a gun I'd release slugs black and bust back See how these players love that, to the point where I can't take it, I'm a playa hater, I can't fake it I wanna spill myself, to feel the thrill myself And since I can't be a player, wanna kill myself, trust I been on this road for a long time now At time it seems like the road is never gonna end On this road there's a lotta, hills and mountains Peaks and valleys Even a lot of potholes on this road It's never smooth, on the road of life I don't know where I'm going I just know where I wanna end up at

R:
