

## Pick Me Up

Puffball

Oh man, I feel so tired and numb.  
Bad timing to swallow that gum.  
I hit the road but my car is a wreck.  
This day is war so I clear the deck

The bar's the first place I will stop.  
I need that pick me up.

It felt so hopeless but now I'm on the go.  
The bar's my place and I'm the pro.  
God damn my man I say I can't understand.  
If you can't buy a drink to your brotherman.

The bar's the first place I will stop.  
I need that pick me up.
