

Private Eye

Pulsedriver

Alright, come on, whoa-oh, baby, alright, come on, oh yeah [2x]
If you like [?x]
If you like what you see
You better look, look at me
'Cause what I've got is guaranteed
To make you high or make you plead
'Cause I believe that you and me
Was meant to be, eternally
Oh yeah [?x]
I've got my eyes on you, baby
You're driving me crazy
Like a private eye, baby
I'm watching you daily
Is it a fantasy or jealousy?

Or is it real?
Maybe
[2x]
If you want to be with me, yeah
Then you better be just with me
And if you cheat, cheat on me
Then you better leave, oh, better flee
Oh yeah [?x]
If you wanna be with me
I've got my eyes on you, baby
You're driving me crazy
Like a private eye, baby
I'm watching you daily
Is it a fantasy or jealousy?
Or is it real?
Maybe
If you wanna be with me
