

Sound of Celebration

Pulsedriver

Oh (2x)

Let's celebrate

I've never felt so good
You turned my heart around
Please hold on while I wanna break this down
So many troubled days
So many ups and downs
Now the sound of celebration is coming out

Oh, let's celebrate
This is the sound of celebration
(2x)

Whoa (2x)

Oh, let's celebrate
This is the sound of celebration
Celebration (4x)

Help me to understand
Where did I go so wrong
Please give me your hand
I want to work this out
I pushed your heart away
I brought the heavens down
Now the sound of celebration is coming out

Oh, let's celebrate
This is the sound of celebration
(2x)

Whoa (2x)

Oh, let's celebrate
This is the sound of celebration
Celebration (4x)
