

The Convent of Sin

Pungent Stench

This is the convent of sin
The clerics are touching the skin
Of the novices salivating with the evil grin
Who joined to study catholic creed
And despise all se**** deed
But chaplains are goatish and horny indeed
The spirit is willing but the flesh is weak
se**** intercourse
Suck it bon appetite
Harassment is the norm
Fornication at the convents dorm
Religious education in it's purest form
Read the bible and try to spell
Amen, the clerical trousers swell
Satisfaction of needs for sinners of hell
The spirit is willing
But the flesh is weak
Give head suck the
Convents whoring clique so praise the lord
And please his servers
This lascivious horde
Pastor or geek
A catholic prick
That needs to leak
So take a shower
Warm and golden
At the convents what kind of whoredom
It is penis plethora
The convent of lust
The final doctrine in cock we trust
The path of the rector
Call it anal or backdoor
He's a rectal inspector
Accept his benediction
This is no fiction
Praise se**** addiction
Sodomy behind convent walls
Grand excess in holy halls
Masturbate in the confessional and cum into the passional
