

Asleep Under Eiderdown

Pure Reason Revolution

Living on this Eiderdown

You've got to sneak in the fire
You've got to sneak in the fire

Living on this Eiderdown
It's just the place that we are
You've got to sneak in the fire
You've got to sneak in the fire

She took errors from my mind
She took errors from my mind
She was weird but she was kind
She took errors from my mind
