

# Steal My Crown

Pyramaze

Am I  
Broken shattered alone  
In the crowd

Am I  
Lost without the sweet silence of you

Cause I  
Been chasing all the ghosts inside my head  
Feeling all the pain thought I was dead

Better find a way through the tense bitterness

Do I stay here  
Do I stay here  
Can I break here  
Can I break here

Pushing me against the wall  
Am I your broken pieces that you want to crawl  
Just say you want to steal my crown  
Just say you're gonna let me down

Show me - a way to get myself outta this  
Show me - a reason why to stay in your mess

Cause I  
Been chasing all the ghosts inside my head  
Feeling all the pain thought I was dead  
Better find a way through the tense bitterness

Do I stay here  
Do I stay here

Lost my way as I'm going down  
Felt the pain as I'm straying 'round  
I've been in, when you're out. I've been torn apart  
No need to run for you
