

## Bring Me Home

Pythia

Walk a little faster baby, you know I love to hunt you  
Love to feel your body breaking and every sin new shaking  
Move a little slower maybe and I'll forget to need you  
Never stray from the path like I said  
The skin which I live in burns every moment  
I will not give in though I must go  
On and on, this world keeps pushing me  
It won't be long before I break inside of you  
You can throw me away  
You can beg me on your knees to stay  
You can leave on your own  
But I know you want your love to bring me home  
You can dance on my grave  
You can say that I am just your slave  
You can break every bone  
But I know you want your love to bring me home  
Think a little quicker baby and I'll forgive you for it  
Love your heartless selfishness how you don't give a shit  
Cut a little deeper darling, the blood will surely drown us  
Never stray from the path like I said  
Who are you to say we're through?  
Who gets the last laugh? Who will rise anew?  
Who are you to say we're through?  
Who gets the last laugh? Baby it's not you  
On and on and on and on  
I know you want your love to bring me home
