

I know truth hurts
I know the truth can hurt
But I'm glad that you told me
No pun intended, everything that's fire
Is simili life

Living on this lie
On your dirty mattress
You can't chase the hunter
Will you be a catcher?
The simili life

I know truth hurts

Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons
Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons

The wounds won't lick themselves
Let time be my healer
Let bygones be bygones
Losing my awareness
The simili life

I know truth hurts

Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons
Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons
Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons
Somebody was telling me I could change my own seasons
Somebody was telling me I could alter my reasons

I know I heard you say this before
Aim the television, don't say anymore
I know I told you this before
Can't keep acting like a dinosaur

Someone made me think about my home
Something 'bout my own
Someone made me think about my home
Something 'bout my own
Someone made me think about my home
Something 'bout my own
Someone made me think about my home
Something 'bout my own
