

Dive In

Quarashi

Someday I will dive me in.
Someday I will take a spin.
Someday I will make it right.
Someday I will stop the fight.

It has been thought, it's been thought

I found a god that can teach.
Take me along, once again on that trip.
Bring it on and when I'm gone, bite your lip.
Is it too good to be secure?
Maybe I should, I think I should find the cure.
It's been thought before.

I found a god that can teach.
Someday you will dive in.
Someday you will dive in.
It's been thought before.
It's been thought before.
