

## Sugar

Quasi

You can't make a giant  
Just by stretching out a dwarf.  
One person's beauty mark is  
Another person's wart.  
Just a spoonful of sugar makes the poison go down fine,  
It makes the poison go down fine.  
If everything is a movie just projected in your head,  
You can have a seat and simply swallow what you're fed.  
And you can spend a lifetime  
Painting pictures for the blind  
Just painting pictures for the blind.  
A blank piece of paper is better than a book.  
What you gave is worse than what you took.  
But a spoonful of sugar makes the poison go down fine  
It makes the poison go down fine
