

# Self Made Man

Queen

Hoo

See your face - you've got no-one...  
Gotta win this place - the known promised land  
Don't hold you  
Don't let it  
You better  
You bet it  
It's gonna hold you  
You bet it's gonna take control  
That tears your soul

Trust - that will make you self believe  
To be a self made man  
Turn that stuff - ...  
To be a self made man  
Got a heavy job - don't make them... (... time)  
To be a self made man

Do you wanna be my honey?  
Do you wanna be my girl?  
Do you have the time to meet me?  
Do you wanna be my honey?  
Do you wanna be my girl?  
Do you have the time to meet me?  
Yeah

Self made, self made man

Ooh - oh that will make you self believe  
Turn that stuff, figure base, no-one lucky man  
Win this place, known promised land  
To... me

To be a self made man  
Do do do to be a self made man  
Do do do to be a self made man  
Self made man  
Self made man
