

## Mosquito Song

Queens of the Stone Age

I know, I know the sun is hot  
Mosquitos come suck your blood  
Leave you there all alone  
Just skin and bone  
When you walk among the trees  
Listening to the leaves  
The further I go the less I know  
The less I know

Where will you run?  
Where will you hide?  
Lullabies  
To paralyze

Fat and soft, pink and weak  
Foot and thigh, tongue and cheek  
You know I'm told they swallow you whole  
Skin and bone  
Cutting boards and hanging hooks  
Bloody knives, cooking books  
Promising you won't feel a thing  
At all

Swallow and chew  
Eat you alive  
All of us food that hasn't died  
And the light says

Somehow they pick and pluck  
Tenderize bone to dust  
The sweetest grease, finest meat you'll ever taste  
Taste, taste  
So you scream, whine, and yell  
Supple sounds of dinner bells  
We all will feed the worms and trees So don't be shy

Swallow and chew  
Eat you alive  
All of us food that hasn't died
