## **Regular John**

## Queens of the Stone Age

```
Who are you, girl?
Who are you, boy?
Bet I know what you're up to
Can I come along?
Your home number on the wall
I just had to call
Had to
I'm not the only one
Who will run with a knife
Open up your eyes
Open up your room
Open up your arms
One six two, seven eight
Two six three, seven eight nine
Where's your daddy now?
I heard he ran away
Who are you, girl?
'Cause I'm so bored with myself
Anyway
Any time and any place
I'll just hang around
Open up your eyes
Open up your room
Open up your arms
Open up your door
Open up your eyes
Open up your room
Open up your arms
```
