Queens of the Stone Age

Going on a living spree  
Plenty wanna come with me  
You don't wanna miss your chance  
Near-life experience  
Faces making noise  
Say, be good girls and boys  
It ain't half empty or full  
You can break the glass, or drink it all  
Dig it

A grand macabaret  
The last float on parade  
'Cause their sleep got left behind  
Every puzzle piece of mind  
Handshake in facade  
Play the fool or playing God  
Just for God's sake play along  
Well, you can have a laugh, hit it  
Du-du-du-du-uah!  
Dudududu-duuu-du-du  
Du-du-du-du-uah!  
Dudududu-duuu-du-du  
Du-du-du-du-duuu

Diving  
Falling no different  
I fall beyond definitions now  
Commence

Going on a living spree  
You really wanna come with me  
They couldn't miss the chance  
Near-life experience

We're all a little tangled  
We're all a little mangled  
Yeah, unfold, let it go  
Yeah, unfold, let it go  
Yeah, unfold, let it go  
Yeah, unfold, let it go

Here... we...

... come!

Here we come  
Here we come  
Here we come  
Get outta' the way  
Here we come  
Get outta' the way  
Matters not  
What the people say  
Matters not  
What the people say  
'Cause here we come  
Here we come  
Here we come  
Get outta the way
