

Girl Like Me (Nonchalant)

Queensberry

I'm rising to the summit
Baby when you touch me
Longing for your loving

Boy that's all I want me
What I want
Coz boy you turn me on
You put me on a higher love so nonachalant
'Cause it's plain to see
That you're all I need
I tell you that you'll never
find a girl like me

A girl like me

Baby, baby
I like what you do to me
And I can't let go
Oh you are
In my head constantly
My feelings overflow

I'm rising to the summit
Baby when you touch me
Longing for your loving

Gimme Gimme sum of your flair
Boy that's all what I want

Boy that's all I want me
What I want
Coz boy you turn me on
You put me on a higher love so nonachalant
'Cause it's plain to see
That you're all I need
I tell you that you'll never
