

Dirty Lover

Quiet Riot

I want a dirty lover
I got a dirty lover
She's always nasty but she's never clean
You know what I mean

Ya move like a hot and nasty girl
So hungry and mean
And I'm thinking it's hot red love you need
Hot red love

Your the poison that addicts me
You make the black cat moan
On the road to ruin, ruin
My happy home, ah yeah

And I've had quite enough
Of not having enough
I've got less and that was more
Much more than I bargained for

I want a dirty love
I got a dirty lover
She's always nasty but she's never clean
I want a dirty love
I gotta find another
She's never dirty - so obscene

Comin' on like a sweet, sweet angel
I'm in too deep
Can't disguise the devil
You walk his beat

And I'm on the brink, I can't stand
I can't stand the heat
Ooh baby looks like the jokes' on me

I'm like a guided missile
You're the heat I seek
Everytime you whistle
You make my knees so weak

I want a dirty love
I got a dirty lover
She's always nasty, she's never clean
I want a dirty love
I gotta find another
She's never dirty - it's so obscene

I want a dirty love under the covers
Not a dirty undercover lie
I want a girl that really satisfies
No more dirty lies

I want a dirty love
I got a dirty lover
She's always nasty, she's never clean
I want a dirty love

I gotta find another
She's never dirty - it's so obscene

I want a dirty love
I found a dirty lover
I want a dirty love
Dirty, dirty, dirty love
I like it dirty babe - I can't come clean
