

# Handsome Devil's Benediction

Quietdrive

My head is wrong  
My thoughts are gone  
But I hope to find that personality  
That makes me feel happiness  
Against the grain  
Realize your pain  
But I hope to find some temporality  
Brace yourself for this next injunctive  
You'll be living your life your own way  
Just graduate gradually.

[Chorus:]

Why did you finally realize that in my mind you're a  
Catastrophic complication?

Why did you finally figure out that it's not only  
Just a new love situation?

My heart is gone

My thought was wrong

But I hope to find that

Imperfection that makes me feel whole again

Against your car

I'll press you now

With the hope to find some sensuality

Brace yourself for this next in juncture

You'll be living your life your own way

Stimulate. Stimulate.

[Chorus]

What do you want from me? (What did you want from me?)

What did you think you'd know? (What did you think you'd know?)

I needed time to breath, (I need to)

You needed time to grow (Grow)

What's? I cannot see. (I cannot see)

Is it in front of me?

I don't know what you need.

Why can't I just say no?

It's not a part of me,

That's pushing you from me.

I don't know where to be.

You've got it. I've got it.

There's nothing wrong with me.

I don't know what you see.

You would be there for me.

You needed room to grow.
