

# TATTOO

Quietdrive

Hear me, know me, I'll be ugly  
Walking backwards, crawling after  
My legs are numb, my tongue is swelled up  
I hurt, it cuts, I hate your guts

Hey Girl you're like a tattoo  
My arms ache with permanent ink  
And I need you inside my bed  
Like I need a bullet to the head  
Hey Girl you're like a tattoo  
A perfect shade of blue  
A perfect shade of you  
A permanent tattoo

Every day since you've been scared  
But I wouldn't have it any other way  
So unprepared that I didn't get the chance to say  
My heart, you're home, my life, you're gone  
My room, your lace, my tongue, your face

Hey Girl you're like a tattoo  
My arms ache with permanent ink  
And I need you inside my bed  
Like I need a bullet to the head  
Girl you're like a tattoo  
A perfect shade of blue  
A perfect shade of you  
A permanent tattoo

Trace your finger up my arm  
Write your name next to the scars  
All alone into the dark  
Cause I always fall for you

I fall  
I fall

Hey girl you're like a tattoo  
You hurt just like a tattoo  
I need you inside my bed  
Like I need a bullet to the head

Hey Girl you're like a tattoo  
My arms ache with permanent ink  
And I need you inside my bed  
Like I need a bullet to the head  
Hey Girl you're like a tattoo  
A perfect shade of blue  
A permanent tattoo  
A perfect shade of you
