

# Fight Song

Quinn XCII

See you as you are  
Villan in your veins  
Why you gotta show disdain  
Gang of a hundred useless pawns  
I'm all right  
Fly as paper planes  
We will never let you reign  
Bang out my drum line 'till the dawn

I see you standing still  
Out in the open  
I know my opponents know the deal  
Lined up for miles  
We'll take you on  
Don't give a damn how you feel  
We're ready, been running all day  
Said there's no need to delay  
Lower your guns  
Move out the way  
I'll say, I'll say

Yeah, why don't we fight them all  
Why don't we stand tall  
'Cause I can take them one by two  
You got me, I got you  
Let's fight them all

Yeah, this is our fight song, fight song  
This is our fight song, fight song  
'Cause I can take them one by two  
You got me, I got you  
Let's fight them all

Cock out my gun  
Let it start blazing, yeah  
Turn my head left to right  
They run like hell is raising, yeah  
Locate these bandits on the run  
They try to steal my style  
They got no taste for us  
We lean back smooth and deal a smile  
Bang out my drum line 'till the dawn  
These thieves surround  
They pulling us down  
Weapons firing off  
But they never heard my sound  
Why you up in arms  
Tell me who's to blame  
If we can't compromise  
Load your guns don't walk away

Yeah, why don't we fight them all  
Why don't we stand tall  
'Cause I can take them one by two  
You got me, I got you  
Let's fight them all

Yeah, this is our fight song, fight song  
This is our fight song, fight song  
'Cause I can take them one by two  
You got me, I got you  
Let's fight them all

Said don't bite your tongue  
Open from the start  
I said, no, no, no, no, no, no  
Leave you as you are  
You got my heart  
I said, no, no, no, no, no, no  
Said don't bite your tongue  
Open from the start  
I said, no, no, no, no, no, no  
Leave you as you are  
You got my heart  
I said, no, no, no, no, no, no
