

Shoot Me In The Head

R.A. the Rugged Man

Self-destruction, I'm headed for self-destruction
I'm self-hating, deprecating, I need help of something

I'm like cunt, pussy, slut, lick twat, lick dick
No, my vocabulary ain't improved one bit
I'm the lowest of the lowest life-forms
And I make it painfully obvious every time I write songs
I'm hated, got liberals begging for the death penalty
And conservatives wishing my mother aborted her pregnancy
I wish my father just put his dick in my mother's mouth
And instead of getting pregnant she choked on me and spit me out
Kids wanna be me, why you wanna copy this loser?
All I do is spit bullshit immature potty humor
You doubting me and not listening when I'm talking
You can put my dick in your mouth and rub my balls on your chin
Motherfucker done, duck, sucker run,
Run Amok, buck, buck gun, Whoudini, hut, hut, one
All the other white rappers they can suck my dick
In fact all the black rappers they can suck my dick
In fact everybody out there you can suck my dick
Find me in the basement fighting pitbulls with Michael Vick
Now I can say faggot, shit, dick, rape, eat cunt
Ain't no censorship issues here so let's be blunt
People never could stand me, I really don't care
Will I make some enemies with this record? Hell yeah

I'm a piece of shit, I'm a fucking fat fuck
Shoot me in my head, shoot me in my head
I'm a piece of shit, I'm a fucking fat fuck
I'm a fucking fat fuck

Oh yes, I'm a little bit old and a little bit bitter
I could have sold more and been a little bit bigger
They claimed that I am the next rapper to get slained
Come on, shoot me in my head, put a bullet in my fat brain
I got explosives, guns, knives, weapons of all types
Ninja stars, nunchucks, bats, pipes, looking for fights
(this is shit, can't you talk about something more positive
Like the environment or something important like politics?)
Yeah, sure - Bill O'Reilly he would hate my guts, so what?
Katie Couric she would hate my guts, so what?
Barbara Walters or Whoopi; which one's the dumber slut?
Keith Olbermann, bitch, could get a knife in his gut
Obama nation, the Bushs, the Clintons or 80's Reaganomics
It don't matter, the government always be taking your profits
The republicans ain't shit, the democrats ain't shit
What would make you think that either side is ever gonna change shit?
Nancy Pelosi, that bitch crazy
Before Obama she was water-boarding terrorists and blowing Dick Cheney
Think they was looking for Bin Laden, that's a croc
They was looking for him like they looking for the murderers of Biggie and P
ac
Fuck this, I ain't talking politics no more
Instead I'll walk in your office and shit on your floor
How my crazy ass look spitting political themes?
When I ain't even had beef with Bush 'til New Orleans
Hmm, strictly spitting that horribleness

Anybody that don't like it they can gargle my piss
Rugged Man need love
I'mma grab Obama with that three trillion dollar budget
And head to the strip club
I'm the last one they should ever let speak
I should save politics for Dead Prez and Immortal Technique
