

The Big Snatch

R.A. the Rugged Man

People say y'know like you got a daughter now and a son and don't you wanna make-- you know music that can help people and change the world and I said you know that what I- I'm gonna dedicate my life to that now, you know? That's why I gotta make records like THIS

I've warned you about women, they're just going to make you unhappy and ruin your life!

Test music

Yabba dabba dabba doo

Yabba dabba dabba doo

What would any girl want you for?

Face facts son you're not good looking, you're fat, you're fat

You're such a cunt, mom

Even as a boy, nobody liked you

My dick is a biblical plague spitting frogs and locusts

I'm like supercalifragi- bitch suck on my gross dick

My cock' deadly that's the medical prognosis

Doctors could use my semen as bug spray to kill roaches

I've been the world's grossest since hall and oats wrote hits with more ferocious explosions than rolling with golden globers

I explode noses the backhand break faces, All you p*ssy millenials better hide in your safe spaces

I'm an anarchist bitch, I live for pandemonium

I urinate sulfuric acid and I shit plutonium

Sink to the chick, trick and the trick, I'm fingerin' it, lickin' the clit, givin' it a fit, hit it with a brick, stick it with the dick, I'm slickin' it rick GO

The dirty dick derelict, foul mouth rhetoric

Welcome to my world bitch

Every chick that I stick the bottom of the slime pit

Welcome to my world bitch

The big titty snorkeler the pimp p*ssy auctioner

Welcome to my world bitch

Gums up the sick clit tingler

Welcome to my world bitch

Please go away

Please- Please- Please- Please- Please go away

One day, a fine as wine high class dime had appeared

She said she was an actress looking to start a career

So then I lied and told her that I was Lars von Trier

Now get your ass in here and have a beer I grabbed the rear I started rappin' in her ear and told her I was Slug from Atmosphere

And when I said that she swung from my dick like a chandelier

She had a longer vagina wall than the Great China Wall I clean the dirty p*ssy with a washcloth and Lysol the fish was more enormous than the Great White Whale Orca

If the Statue of Liberty had a p*ssy it'd would be smaller

It was the giant mother of all twats

Her p*ssy lips look like the blankets they used to give the Indians Small Po
x

I sucked on the slob's tits started giving the twat licks

But her p*ssy was more hairier than Chewbacca's armpits

An STD came to get me riding on a Jet Ski

When she squirted it's like the water parted in the Red Sea

The lyrics might sound misogynyst but the crabs inside her vagina was stage
divin' and jumpin' in moshpits
More insects than fly paper , p*ssy size of a skyscraper
She uses NASA's space rockets as a vibrator, that's my word
The clit was a titanic iceberg so I licked it until it melted and the climax
occured
And the vaginal warts on the cunt started beatboxing ugghh
f*ck it, keep the beat dropping I'ma keep rockin'
I make the cunt come fast I piss nails and upchuck glass
I toss the moon at the earth and make the Sun crash
I drink cyanide milkshakes and I snort mustard gas
f*ck it I ruptured the cunt and then I sucked the sluts ass
9 months later the Earth shook and the bedroom collapsed
She gave birth a Pterodactyl egg fell out of her snatch
And when it hatched the dinosaur baby started kickin' raps
The p*ssy spit out turntables and the baby began to scratch, GO

Please- Please- Please- Please- Please- Please- Please- Please- Please- Plea
se- Please go away
Yabba dabba dabba doo
Yabba dfabba dabba doo
The dirty dick derelict foul mouth rhetoric
Welcome to my world bitch
Every chick that I stick the bottom of the slime pit
Welcome to my world bitch
The raw dog lumpy dick quick to stick an ugly chick
Welcome to my world bitch
Finger f*ckin' feminist these cumshots never miss
Welcome to my world bitch
Please go aw- Please go- Please go away
I'll go away, but I'll see you again
