

Give me some hard nights on the floor  
Show me how love fights, I can take it no more  
And it's all because of you  
And it's all because of you

Give me some hard nights on the floor  
Show me how love fights, I can take it no more  
And it's all because of you  
And it's all because of you

It's all because of you  
And it's all because of you  
Give me some hard nights

DON'T TREAT ME LIKE A BITCH

BITCH

Give me some hard nights on the floor  
Show me how love fights, I can take it no more  
And it's all because of you  
And it's all because of you

Because of you  
Because of you  
Because of you  
And it's all because of you

DON'T TREAT ME LIKE A BITCH

BITCH

Give me some hard, hard nights  
Hard, I can take it no more

Give me some hard nights on the floor  
Show me how love fights, I can take it no more  
And it's all because of you  
And it's all because of you
